Mission
The mission of ARTS NC STATE – the Visual and Performing Arts Programs of North Carolina State University – is to enhance the environment of the University and our community with rich and diverse arts events, installations and opportunities, and to make the arts a significant part of every student’s educational experience. ARTS NC STATE is an umbrella organization comprised of the six visual and performing arts programs of North Carolina State University: Center Stage, The Crafts Center, Dance Program, Gregg Museum of Art & Design, Music Department and University Theatre. The programs of ARTS NC STATE are also served by Arts Development, Ticket Central and the Business Office.

History
Each arts program has its own long unique history at NC State, such as the Music Department at NC State that began as drum and bugle support for the military in 1889. In 2000, ARTS NC STATE was created to serve as the umbrella organization for all six arts programs.
